Cantine Aperte Together: Saturday and Sunday, May 30-31

di: Redazione

28 may 2020

The weekend of 30-31 May 2020 #CantineAperteInsieme (**Cantine Aperte Together**) **Virtual Special Edition arrives**: the event most loved by wine tourists that for over 25 years has led to the discovery of Italy's wine this year **becomes online, smart and social**, waiting to welcome again tourists in the cellar. An event that will come directly to your home, thanks also to the collaboration with Iorestoacasa.delivery.

During this special and virtual edition, the member wineries of Movimento Turismo del Vino will be able to send their wines and experiential packages directly to your home or wait for the wine tourists to book their takeaway.

In addition, on 30-31 May, wineries and winelovers will join for a great online weekend with live tastings and social toasts on social network thanks to the official hashtag #CantineAperteInsieme!
